Allies in Recovery

A website that guides families in CRAFT (COMMUNITY REINFORCEMENT & FAMILY TRAINING), an evidence-based methodology for families who have a loved one with Substance Use Disorder to learn coping skills.

GOALS OF CRAFT

- To reduce use of substances
- To get your loved one into treatment
- To improve overall well-being

PROVEN TO WORK

- With adolescents
- All Substance Use Disorders
- Individuals from diverse cultures

CRAFT METHOD

- Use is reduced by 50%
- Two-thirds seek treatment
- Caregivers experience less stress, depression, & anger

Wed, May 22 & Thurs, May 23

9AM-3PM

West Warwick Health Equity Zone

1229 Main St.

West Warwick, RI

Please note parking is available in the rear.

Hotel suggestions available upon registration.

WORKSHOP DESCRIPTION

This two-day workshop is geared to families who have a loved one with Substance Use Disorder as well as for professionals in the addiction treatment field who are working informally with families and want to learn techniques for motivating clients to seek additional help.

FACILITATOR

Dr. Dominique Simon-Levine is the founder and CEO of Allies in Recovery, an online learning platform for families of those struggling with Substance Use Disorder. Dr. Simon-Levine is a facilitator and trained speaker on issues of substance use. Her work has been featured on HBO and NPR. She has worked extensively in the development and evaluation of federally-funded substance use programs for organizations and clinics throughout Massachusetts and New York.
