

Governor Gina M. Raimondo's Task Force on Overdose Prevention and Intervention

April 8, 2020

DIRECTOR NICOLE ALEXANDER-SCOTT, MD, MPH; RHODE ISLAND DEPARTMENT OF HEALTH

DIRECTOR KATHRYN POWER, M Ed; RHODE ISLAND DEPARTMENT OF BEHAVIORAL HEALTHCARE,
DEVELOPMENTAL DISABILITIES, AND HOSPITALS

WELCOME & ANNOUNCEMENTS

Strategic Response: Addressing the Opioid Epidemic During the Coronavirus Disease 2019 Pandemic

APRIL 8, 2020

LINDA MAHONEY, CAADC, CS, SOTA

ADMINISTRATOR II - BHDDH

Step by Step

- ▶ Gratitude for Preparations
- ▶ History with Methadone
- ▶ Take Home Schedules
- ▶ COVID-19 Planning and Implementation
- ▶ Buprenorphine
- ▶ SUD Residential
- ▶ Recovery : Peer Call in Numbers

Federal and State Regulating Bodies

Department of Health & Human Services (HHS) (FDA)

- ▶ Application/approval
- ▶ Standard of Care
- ▶ Certification
- ▶ Organizational Structure
- ▶ Enforced compliance

Drug Enforcement Administration

- ▶ Security of Stock
- ▶ Maintenance of Records
- ▶ Monitoring that Diversion Does Not Increase
- ▶ Prescriber Monitoring

Take Home Schedules

Prior to COVID-19

- ▶ 1-90 days 1-2 Take Home
- ▶ 91-180 days 2-3 Take Homes
- ▶ 181-270 days 3-4 Take Homes
- ▶ 271-365 days 6-7 Take Homes
- ▶ After 1 year Up to 14 days
- ▶ After 2 year Up to 28 days

COVID-19 Changes

- ▶ Stable: Up to 28 Days
- ▶ Less Stable Up to 14 days MD review
- ▶ Inappropriate for Take Homes
 - ▶ Inductions
 - ▶ Recent OD, Release from Hospital, Detox, Residential or CSU
 - ▶ Hx of diverting medication or current misuse of methadone or other drugs including alcohol

Treatment is
available.

Recovery is still
Possible!

- SAMHSA **Disaster Distress Helpline** has significant telehealth capability and provides 24/7 crisis counseling and support for people experiencing emotional distress related to disasters. Counselors have been trained in assisting anxious callers and have the capability to handle social isolation and distancing concerns. This multilingual, confidential crisis support service is available to all US and territory residents at **1-800-985-5990; TEXT: “TalkWithUs” to 66746.**
- **Online recovery support meetings** available including 12-step fellowships, SMART Recovery, Recovery Dharma and many others on [In the Rooms](#).
- Hazelden Betty Ford webpage “[Tips for Staying Connected and Safeguarding Your Addiction Recovery](#)” contains online support meetings, podcasts/blogs, mobile apps, social media groups, and movie/video suggestions.
- Shatterproof “[How I’m Coping with COVID-19 and Social Isolation as a Person in Long-Term Recovery](#)” provides helpful suggestions of what to do (exercising, reaching out, praying, meditating, focusing on my breathing, listening to music, doing projects you’ve been putting off) and NOT to do (monitor time on social media, negative self-talk, eat too much unhealthy food, watch the news 24/7).
- SAMHSA “[Tips during and Infectious Disease Outbreak \[store.samhsa.gov\]](#)” with information about a helpline as well as other tips for **social distancing, quarantine, and isolation** during and infectious disease outbreak.

Targeted Community Outreach

- Limited “boots on the ground” activity to mitigate risk of transmission of COVID-19
- Implementing outreach in safe and effective ways
- Collaborating with “grab and go” meal sites, to distribute harm reduction supplies, basic needs and recovery resources
- Delivering naloxone to individuals throughout the state
- Distributing Naloxone to facilities who are currently providing direct services

Overdose Rates Lowered During COVID-19

Overdose Rates Have Decreased Significantly; *Possible* Causes:

- Lack of reporting, due to avoidance of EMS/ER
- Lowered use due to current climate of quarantine
- Lack of availability in substances, particularly Fentanyl

What We Hope to Discover Through Outreach Efforts and Data:

- Is this reflective of a true narrative surrounding PWUD
- What will transpire from the disruption of Fentanyl production
- Are PWUD able to access the services they need during this time (MAT, Treatment, IOP)

QUESTIONS & COMMENTS

Project Weber/ RENEW COVID-19 Harm Reduction Response

Dennis Bailer, Overdose Prevention Program Director

Our response

1 Drop-in Center open limited hours

- Open 11 - 3 Monday - Friday for brief harm reduction services only
- Purchased a hand washing station for outside, working to get that installed by the end of the week
- Purchasing phones for clients who need to engage in telehealth but do not have phones

2 Outreach continues, also limited hours

- 12 - 4pm daily, increased the amount of basic needs we are distributing because we saw large numbers being hungry
- Also distributing Narcan, needles, fentanyl test strips, condoms, etc.
- Shifted outreach to target areas where people are congregating (food pantries, shelters, etc)

3 Information/material sharing

- We worked with RICARES, Parents Support Network, Prevent Overdose RI, ACOS, CCA and Systems Change Strategies to create a flyer on harm reduction and recovery resources during the COVID-19 (see next)
- Distributing Harm reduction materials through partners like Amos House and Discovery House

- Flyer created by PWR and partners (RICARES, ACOS, PSN, SCS, CCA, and PORI) for distribution to clients, particularly those without internet access. We have also translated it into Spanish.
- Other partners in other zip codes (outside 02907 can create their own version using this as a template.
- PreventOverdoseRI has also created a statewide version that they are printing and we are distributing.

Harm Reduction

DURING THE COVID-19 OUTBREAK

COVID-19 is a highly contagious viral respiratory disease that causes symptoms including high fever, cough, and shortness of breath. It can be transmitted from person to person even when no symptoms are present. Limiting contact with others is critical in preventing a global outbreak from overwhelming our healthcare system. While organizations close or shift operations in response, resources are still available to support safer drug use and recovery.

RESOURCES IN 02907

Safer Use

Drop-In Services

Narcan/Naloxone, Needle Exchange, Fentanyl Test Strips, Safer Sex Supplies & Health Screenings

- 640 Broad Street, Providence RI 02907 M-F 11am-3pm (Project Weber Renew)
- 557 Broad Street, Providence RI 02907 M-F 10am-1pm, T-Th 6pm-8pm (ACOS/ENCORE)

Narcan/Naloxone Home Delivery

- Call or text 401-808-486g (Serenity Center)

Staff response:

- PWR staff are keeping ourselves updated on the constantly adjusting Detox/treatment/ Sober living landscape so as to provide the most up to date info to clients
 - Drop in center and outreach van are being cleaned/disinfected after each client and after each shift.
 - All staff are working in pairs, two at a time. If one staff in that pair is infected, only that pair will have to be out
 - Staff are using PPE all the time, masks and gloves and washing hands regularly.
-

Learn how to save a life!

FREE NARCAN TRAINING ON FACEBOOK LIVE

After the training is over, call or email us to
schedule your free delivery of Narcan!

Email: Info@weberrenew.org or call:

For Southern RI: Call Parent Support
Network at 401-500-2998

For Providence Metro Area, call Project
Weber/RENEW 401-383-4888

For Northern RI, call RICARES: 401-680-0198

APRIL 7, 2020 2PM

Presented in partnership by Project Weber/RENEW,
Parent Support Network, and RICARES

- Hosting online Narcan trainings
 - Partnering with harm reduction partners to distribute Naloxone across the state
 - Working with partners to increase telehealth options
 - Increasing information sharing amongst providers to decrease gaps in services
-

Thank you!
