

58 to 80 million people worldwide are living with HCV

Is it common?

HCV, Hepatitis C, is a blood borne virus.

What is HCV?

# Harm Reduction: HCV Edition

- Inject drugs
- Share equipment when using drugs
- Share personal items that involve blood or body fluids when the other person has HCV
- Have multiple sex partners

risk if you...

But, you're most at

Yeah, anyone can.

So, can I get HCV?
